About this property

*Expected Completion: 2027

This 3-bed apartment in the upcoming Como Residences will offer unimaginably cosmopolitan beachfront luxury when complete. The 5411 sq. ft. home will enjoy opulent interiors, high-end amenities and unparalleled views of the sea, as well as the Burj Al Arab, Burj Khalifa and the Palm Jumeirah.

In the heart of the Palm Jumeirah, the 71-storey tower is an architectural marvel that takes the shape of an organic seashell rising towards the sky.

Inside, the wonderfully spacious apartment enjoys a sophisticated, modern design with a soft colour palette inspired by the nature outside. Artworks punctuate, as do features fashioned from timeless materials including some wooden flooring and bronze glass cabinets.

But the pièce-de-résistance here is the ability for seamless indoor-outdoor living, via sweeping floor-to-ceiling windows and an awe-inspiring terrace that embraces greenery while also boasting an enticing pool. Indeed, the terraces combine in the tower itself to create a series of vertical lakes.

This is carefree luxury where residents glide rather than walk, exemplified by winding staircases framed by glass and metal, and quiet areas for contemplation such as an office. Elsewhere, the bedrooms retain privacy yet open out to further bird's-eye views. A maid's room supports.

Exceptional tower amenities include:

- The Palm Jumeirah's highest pool and viewing deck •
- Private beach pool • Private lift lobby • Padel and squash courts • Gym, spa and wellness centre • Café and business centre • Concierge
