About this property

Overlooking the Dubai Canal, this four-bedroom duplex apartment is part of the highly anticipated Muraba Veil. Totalling 14,476 sq. ft., the refined residence promises a seamless blend of urban luxury and natural splendour, and is set to be ready by Q4 2028.

The apartment enjoys vast interiors inspired by classic Arabian homes and awash in earthy colours. Streams of greenery hang from high ceilings, while an inner courtyard is removed from outdoor bustle. Striking doors open out to a garden terrace and a shimmering pool.

This is a sanctuary with a close connection to nature. The three bedrooms continue this dance between shade, light and greenery, offering privacy but opening out to the views as well.

Muraba Veil itself combines traditional desert-inspired elements with contemporary innovation, to say nothing of the space, water and greenery on every floor. A moveable stainless steel mesh separates the interiors from the outside, creating a veil over the entire tower that provides shade and changes based on light conditions.

Residents can also enjoy world-class amenities:

- Multiple pools
- Wellness facilities including a spa, experiential pools, gym and more
- Cinema
- High-end rooftop dining
- Serviced majlis lounge
- Padel tennis
- Children's play area
- Conference room
- Concierge
